

**SOUTH CAROLINA EXPERT MEDICAL WITNESSES
ON
CHILD ABUSE AND NEGLECT**

The South Carolina Children's Advocacy Medical Response System (SCCAMRS), together with the Children's Law Center, provides the following list of expert medical witnesses as a service to child welfare and law enforcement agencies, as well as lawyers, who may require expert consultation or testimony in cases involving child abuse and/or neglect. The listed professionals have no obligation to consult on, or to be a witness in, any particular case and may, in their sole discretion, decline any request for assistance.

The medical professionals whose names appear below have consented to the inclusion of their names on this listing, with their addresses and areas of medical expertise. Any party contacting one of the below-listed medical experts is solely responsible for any fees and costs associated with the medical expert's services. The SCCAMRS and Children's Law Center are not responsible for any fee or payment arrangements between one of the listed medical experts and the party who contacts them. Any fee and payment arrangements must be negotiated between the medical expert and the party requesting the medical expert's services.

Should you have any questions concerning the list, please contact the SCCAMRS at (803) 434-3822 and/or the Children's Law Center at (803) 777-1646.
